TRANSPORTATION**

## BATTISTI CUSTOMS SPRINTER BUS EXECUTIVE SHUTTLES & LIMOUSINES

FROM CONCEPTION TO REALIZATION, BATTISTI CUSTOMS  
SPRINTER BUSES ARE DESIGNED WITH YOU IN MIND.

# INTRODUCING THE INNOVATIVE BATTISTI SPRINTER BUS

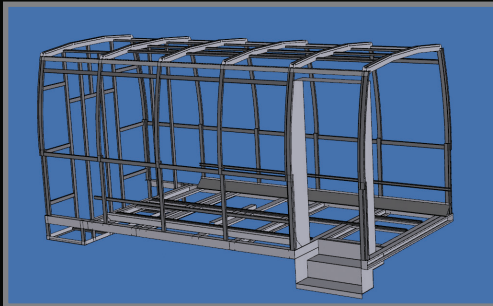

## CONCEPTION

BUILT ON A MERCEDES SPRINTER CAB CHASSIS, THE BATTISTI CUSTOMS SPRINTER BUS ALLOWS YOU TO MAINTAIN THE SLEEK ELEGANT STYLE OF A MERCEDES SPRINTER VAN BUT WITH DIMENSIONS AND COMPONENTS THAT ARE *DESIGNED WITH YOU IN MIND*

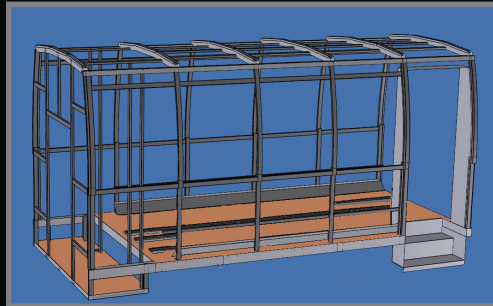

## INNOVATION

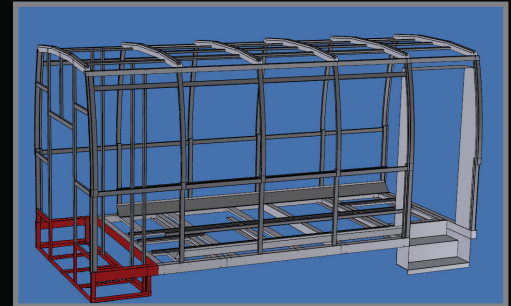

THE SPRINTER BUS FEATURES A GALVANEEL STEEL FRAME BODY FOR MAXIMUM BODY STRUCTURAL DURABILITY AND PRODUCT LONGEVITY. THE REAR LUGGAGE AREA'S FLOOR DROPS BELOW THE BUS FLOOR TO ALLOW FOR MAXIMUM LUGGAGE CAPACITY WHILE PROVIDING LARGER AISLE SPACES AND A ROOMY ATMOSPHERE FOR PASSENGERS.

Full perimeter galvaneel steel frame is engineered to guarantee structural integrity and durability

Corrosion free composite flooring ensures product longevity

Rear Luggage compartment floor goes beneath Sprinter Bus floor to maximize passenger space without taking away luggage space.

A LIGHTWEIGHT FIBERGLASS BODY ENSURES THAT MAX CAPACITY CAN BE REACH WHILE STILL STAYING WITHIN DOT WEIGHT RESTRICTIONS. ADD THE ALCOA WHEEL SIMULATORS, AND YOU CAN INCREASE FUEL ECONOMY, DECREASE THE NORMAL WEAR AND TEAR ON YOUR AXLE AND SUSPENSION PARTS, AND SAVE AT LEAST AN ADDITIONAL 60LBS. IN WEIGHT.

THE SPRINT BUS BODY IS STILL INCLUSIVE OF ALL MERCEDES FACTORY BADGING AND TAILLIGHTS WHILE OFFERING LARGER DIMENSIONS THAT GIVE IT AN EXTRA 9" IN HEIGHT, 10" IN WIDTH AND AN EXTRA 18" IN LENGTH.

## REALIZATION

WITH ITS UNIQUE DESIGN CONCEIVED THROUGH YEARS OF CUSTOMER FEEDBACK AND INNOVATIVE ENGINEERING, WE HAVE BEEN ABLE TO FINALLY DELIVER A SPRINTER BUS BODY THAT IS SPECIFICALLY *DESIGNED WITH YOU IN MIND!*

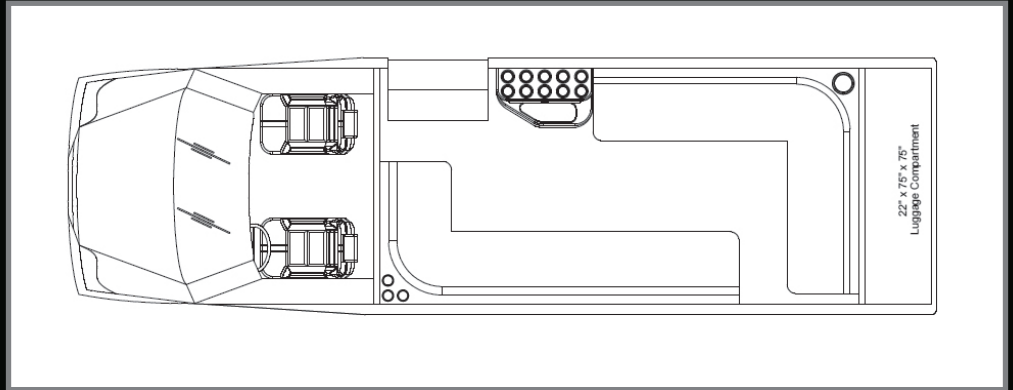

# SPRINTER BUS EXECUTIVE SHUTTLE

## SPRINTER BUS SHELL FEATURES
