VIP 2800
UP TO 29 PASSENGERS

DID YOU KNOW THE VIP 2800 HAS A 1/2" MORE KNEE AND HIP ROOM THAN COMPARABLE MODELS?

WHILE COMFORT IS ONE THING, VIEWING THE SCENERY IS JUST AS IMPORTANT FOR TOUR OPERATORS. THAT'S WHY EACH SEAT LOCATION HAS ITS OWN WINDOW.

FOR SPEAKING TOURS, VIP MODELS PROVIDE A SMOOTH, QUIET RIDE. FOR EXAMPLE, DIAMOND SIDEWALLS DON'T CREAK BECAUSE OF BEING GLUED, TAPED, OR FILLED WITH STYROFOAM. DIAMOND ALSO INSTALLS THICK RUBBER PADS BETWEEN THE "I-BEAMS" AND FLOOR TO HELP CUSHION THE RIDE WHILE REDUCING ROAD NOISE.
